Enrollment Deposit

Enrollment Deposit and Admission Confirmation

In order to hold a place in the class and be able to register for classes, all newly admitted freshman/first-year students and transfer students (including international students but excluding distance/online degree completion students) must submit a nonrefundable enrollment deposit (http://admissions.colostate.edu/admitted). The deadline for submitting the enrollment deposit is May 1 for fall semester freshman applicants, July 1 for fall semester transfer applicants, and December 1 for all spring semester applicants, or within two weeks of receiving the offer of admission if after these dates. If payment of the enrollment deposit presents a financial hardship, students are able to request an enrollment deposit deferral.
