General Policies for Undergraduate Admissions

Final Transcript Required
Admission is provisional until we receive a final, official transcript reflecting completion of all course work and proof of graduation or degree completion (as applicable).

High School Graduation (or Equivalent) Required
Freshman/First-Year applicants and Transfer applicants with fewer than 60 credits in transfer must demonstrate high school graduation or equivalent prior to enrolling at CSU. Financial Aid is not released without proof of high school graduation or equivalent, and a hold is placed on course registration prior to the start of the second semester for freshman/first-year students who have not demonstrated high school graduation (or equivalent).

Good Standing Requirement and Honor Code Requirement
Applicants for admission to CSU whose records indicate they are under judicial or disciplinary censure generally are not reviewed for a decision until they have been cleared through a pre-admission review by Conflict Resolution and Student Conduct Services (http://www.conflictresolution.colostate.edu).

Submission of the application for admission requires acknowledging that all information shared in the application is true and correct. Students who knowingly falsify application information, transcripts, or test scores, or who fail to indicate all previously attended institutions or student conduct history are subject to rejection or dismissal. If applicable, sponsoring agencies are informed of this decision.

Selective Service Registration
In compliance with C.R.S. 23-5-118, Selective Service registration is required of male United States citizens between the ages of 17 years and 9 months and 26 years who wish to enroll at Colorado institutions of higher education. Individuals providing false information are subject to penalty of law and disenrollment.

Immunization Requirement
CSU, in compliance with Colorado State laws and Health Department regulations, requires persons born January 1, 1957 or later to show proof of two vaccinations for measles and mumps, and one vaccination for rubella (MMR) or to show written evidence of laboratory tests showing immunity.

Colorado law, Colo. Rev. Stat. § 23-5-128, also requires every student residing in student housing to fulfill two requirements for Meningococcal Vaccine:

1. Access the CSU Health Network Portal (http://www.health.colostate.edu) to sign a statement that the student has reviewed the Meningococcal Disease Information Document, which describes meningococcal disease and the vaccine that can prevent the disease.

2. Indicate whether student a) received the Meningococcal Vaccine, b) plans to have the vaccine administered, or c) is “waiving” the requirement and declining to receive the vaccine.

Submit immunization records or laboratory results to the CSU Health Network prior to arrival at school. Additional information concerning immunization should be directed to:
