U.S. Citizens/Permanent Residents Educated Overseas

CSU recognizes that the pool of U.S. citizens/Permanent Residents educated abroad covers a wide spectrum, including students with dual citizenship who have never been to the U.S., U.S.-born students who have lived in multiple countries or who have only recently moved overseas as the result of family military or employment assignments, and U.S. Permanent Residents with varied amounts of U.S.-based education.

Our holistic review process is designed to recognize and incorporate these kinds of unique experiences into our evaluation. You can follow the basic application instructions and deadlines pertinent to your applicant type (e.g., freshman or transfer), and we will adapt our decision criteria to fit your circumstances and to note your ability to contribute to our campus community.

As we review your credentials, we will notify you if any additional support information is required to assess your potential for academic success at CSU. For example, an applicant whose native language is not English and who has had all education in a language other than English may be asked to provide English proficiency documentation and a translation of academic records.

U.S. citizens or U.S. Permanent Residents who have been educated abroad may be eligible for financial aid and scholarships. Refer to Financial Assistance in the Financial Information section for more information.
