## Freshman/First-Year Profile and Decision Factors

### Fall 2018 freshman/first-year class profile

The class profile reflects the middle 50 percent of freshmen/first-year students admitted for Fall 2018. This means 75% of the students we admitted presented credentials at or above the ranges displayed here, and 25% were admitted with credentials slightly below these ranges. While this will help you understand where the center of a class lies, it does not reflect minimum requirements to be admitted. Scores are shown for the redesigned SAT (https://admissions.colostate.edu/apply/2016-sat-redesign).

- **Middle 50% GPA**: 3.4-4.0 (4.0 scale)
- **Middle 50% ACT Composite**: 23-29
- **Middle 50% SAT Combined**: 1100-1300

### Higher Education Admission Recommendations (HEAR) and CSU's Recommended High School Course Work

To be competitive for admission, freshman/first-year applicants and transfers with fewer than 30 post-high school credits are advised to complete at least 18 high school units (https://admissions.colostate.edu/18units) that meet the Colorado Department of Higher Education Higher Education Admission Recommendations (HEAR) and CSU course work recommendations.

The minimum passing grade is D; however, grades of D may not be competitive in a selective admission environment, and grades of C or better are preferred.

### Competitive Majors

A few undergraduate majors have more competitive entrance requirements (https://admissions.colostate.edu/competitive-majors) and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended.

### Transfer Admission Profile and Decision Factors

#### Fall 2018 Transfer Profile

The class profile reflects the middle 50 percent of transfers admitted for Fall 2018. That means 75% of the students we admitted had credentials at or above the ranges displayed here, and 25% were admitted with credentials slightly below these ranges. While this will help you understand where the center of a class lies, it does not reflect minimum requirements to be admitted.

- **Middle 50% Transfer GPA**: 2.8-3.5 (4.0 scale)
- **Middle 50% Transfer Credits**: 30-72

To be considered for admission, transfer applicants must present a minimum cumulative GPA of 2.00 (4.000 scale) from all institutions attended and must have completed the admission requirement in mathematics (https://admissions.colostate.edu/requirementinmathematics). Completion of college composition is preferred but not required. Until a transfer applicant has more than 30 post-high school college credits complete, the admission decision also includes review of high school credentials according to our freshman/first-year admission guidelines.

According to federal financial aid requirements, ALL transfer applicants with fewer than 60 credits in transfer must demonstrate high school graduation (or equivalent). Because the transfer evaluation is not completed until after an applicant has been admitted, all transfer applicants are required to submit proof of graduation (or equivalent).

### Competitive Majors

A few undergraduate majors have more competitive entrance requirements (https://admissions.colostate.edu/competitive-majors) and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended.

### Transfer Admission Guarantee

Students who have completed an Associate of Arts or an Associate of Science degree from an accredited Colorado community or junior college after high school graduation (or equivalent) will be guaranteed admission to the University providing that it is the last institution attended and that a cumulative 2.00 GPA (on a 4.000 scale) has been achieved from ALL institutions attended. Entry into a specific major may depend on completion of appropriate prerequisite courses and enrollment limitations of the major.

Details about factors considered in the admission decision are in the transfer application guide (https://admissions.colostate.edu/apply/transfer).

### Second Bachelor/Post-Bachelor Decision Factors

To be considered for admission, second bachelor/post-bachelor candidates must present a minimum cumulative GPA of 2.00 (4.00 scale) from all institutions attended and must be seeking a degree program that does not duplicate their first degree. Details about factors considered in the admission decision are in the second bachelor’s application guide (https://admissions.colostate.edu/apply/second-bachelor).
Competitive Majors
A few undergraduate majors have more competitive entrance requirements (https://admissions.colostate.edu/competitive-majors) and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended.

Returning (Former) CSU Students
Comprehensive details for returning students are available in the returning student application guide (https://admissions.colostate.edu/apply/returning).

The admission decision for students returning to complete a degree in progress is based primarily on their previous CSU performance and their academic standing upon leaving CSU. Students who left the University in good academic standing generally are cleared to return without restrictions. Students who left the University in a probationary or dismissed status should refer to the Scholastic Standards Policy for additional information about qualifying to return to CSU.

Students wishing to return to complete a new undergraduate degree must be seeking a degree program that does not duplicate their first degree.

Competitive Majors
A few undergraduate majors have more competitive entrance requirements and/or enrollment caps; entrance to these programs is limited to students presenting the strongest academic credentials, and early application is highly recommended. Returning students must have satisfied particular CSU course work and earned specific grades/ GPA to be admitted to a major with competitive entrance requirements (http://www.undeclared.casa.colostate.edu/majors-with-entrance-requirements.aspx).

English Proficiency Requirement
Strong English language skills are important to academic success at CSU. To support student success, we require all students whose first language is not English to demonstrate a high level of English proficiency regardless of their citizenship. Applicants from Australia, Canada, Ireland, New Zealand, and the United Kingdom whose first language is English are exempt from this requirement.

TOEFL, PTE Academic or IELTS Academic results are the preferred indicators of English proficiency. For applicants seeking direct admission to CSU, the requirements are as follows:

<table>
<thead>
<tr>
<th>English Proficiency Exam</th>
<th>Clear Admission</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOEFL IBT (Test of English as a Foreign Language Internet Based Test)</td>
<td>79</td>
</tr>
<tr>
<td>IELTS Academic (International English Language Testing Services)</td>
<td>6.5</td>
</tr>
<tr>
<td>PTE Academic (Pearson Test of English)</td>
<td>53</td>
</tr>
</tbody>
</table>

Consideration of paper-based TOEFL (PBT) results requires an interview with a member of the international admissions team (https://admissions.colostate.edu/connect-with-csu/find-your-counselor/international-team).

Conditional admission will be offered to students who are academically competitive but have not achieved the necessary score for direct admission or have not submitted a TOEFL, PTE, or IELTS score.

Conditionally admitted students are enrolled in the INTO CSU Academic English Program (http://www.intostudy.com/en-gb/universities/colorado-state-university/programs/academic-english). Until the Academic English Program is completed or the required TOEFL, PTE Academic or IELTS score is achieved, enrollment in regular University academic courses is at the discretion of INTO CSU.

Alternative measures of English Proficiency:
- Successful completion of the INTO CSU Academic English Program (conditional admission may be offered to AEP students studying at the advanced level)
- SAT Evidence-Based Reading and Writing score of 550 or higher
- ACT English/Reading score of 21 or higher
- International Baccalaureate (IB) HL English course grade of 5 or higher
- An IGCSE or A-level result of C or better on the English/First Language exam. Test results must be official and not predicted to be considered for direct admission.
- Completion of a U.S. diploma and/or two or more years of secondary transcripts reflecting progress towards a U.S. diploma from a regionally-accredited organization as defined by the U.S. Department of Education
- Completion of at least two semesters of U.S. post-secondary/university course work in English, including college composition and speech with grades of C or better. Courses must have been taken at a regionally-accredited college/university to be considered for direct admission.
- Gaokao/NCEE English score of 105 or higher AND an online interview with an international admissions counselor.
- WAEC/WASSCE English language grade of B3 or better
- Advanced Placement (AP) Language and Composition or Literature and Composition exam result of 4 or higher

Alternative measures of proficiency not listed above may be considered on a case-by-case basis.

Refer to the English proficiency (https://admissions.colostate.edu/internationalstudentshome/englishproficiency) information on the Admissions website for more information.

Students with Disabilities
All applicants are evaluated according to the same University admission standards. We recognize, however, that not every student’s personal or educational background is the same.

Disclosure of the presence of a disability is voluntary. Applicants may use components of the application such as the academic explanation, personal statement, or recommendation(s) to identify their disability and to discuss the impact of the disability on their academic record (if any). While this information can be considered if disclosed, it will not be the sole basis for the admission decision.

CSU’s Student Disability Center (https://disabilitycenter.colostate.edu) offers admitted students the full range of support services to help students achieve academic success.
