Undergraduate Profiles and Decision Factors

- Freshman/First-Year Profile and Decision Factors
- Transfer Profile and Decision Factors
- Second Bachelor/Post-bachelor Decision Factors
- Returning (Former) CSU Student Decision Factors
- English Proficiency Requirement
- Students with Disabilities

How we review each application packet and render an admission decision is informed by CSU's undergraduate admission philosophy. Every incoming class looks different, but we always work to maintain high academic standards while providing access to higher education as part of our land-grant mission.

Freshman/First-Year Profile and Decision Factors

Fall 2014 freshman class profile
The class profile reflects the middle 50 percent of freshmen admitted in Fall 2014. That means students were admitted with credentials distributed on either side of the range presented, which should give a general sense of admissibility.

Middle 50% GPA: 3.3-4.0 (4.0 scale)
Middle 50% ACT Composite: 23-28
Middle 50% SAT CR/M Combined: 1050-1250

Higher Education Admission Requirements (HEAR) and CSU's Recommended High School Course Work Minimums
To be considered for admission, freshman/first-year applicants and transfers with fewer than 30 post-high school credits complete are advised to complete at least 18 high school units to meet the Colorado Department of Higher Education HEAR guidelines and institutional course work recommendations (1 unit = 1 year high school or 1 semester college). Details about HEAR-recommended courses and preferred rigor are here (http://admissions.colostate.edu/18units).

The minimum passing grade is D; however, grades of D may not be competitive in a selective admission environment and grades of C- or better are preferred.

Competitive Majors
Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about competitive majors can be found on the Admissions website (http://admissions.colostate.edu/competitive-majors).

Transfer Admission Profile and Decision Factors

Fall 2014 Transfer Profile
The class profile reflects the middle 50 percent of transfers admitted in Fall 2014. That means students were admitted with credentials distributed on either side of the range presented, which should give a general sense of admissibility.

Mid 50% GPA: 2.8-3.5 (4.0 scale)

To be considered for admission, transfer applicants must present a minimum cumulative GPA of 2.00 (4.000 scale) from all institutions attended and must have completed the admission requirement in mathematics (http://admissions.colostate.edu/requirementinmathematics). Completion of college composition is preferred but not required. Until a transfer applicant has more than 30 post-high school college credits complete, the admission decision also includes review of high school credentials according to our freshman/first-year admission requirements.

According to federal financial aid requirements, ALL transfer applicants with fewer than 60 credits in transfer must demonstrate high school graduation (or equivalent). Because the formal transfer evaluation is not completed until after an applicant has been admitted, all transfer applicants are required to submit proof of graduation (or equivalent) as part of a complete application for admission.

Competitive Majors
Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about competitive majors can be found on the Admissions website (http://admissions.colostate.edu/competitive-majors).

Transfer Admission Guarantee
Students who have completed an Associate of Arts or an Associate of Science degree from an accredited Colorado institution after high school graduation (or equivalent) will be guaranteed admission to the University providing that it is the last institution attended and that a cumulative 2.00 GPA (on a 4.000 scale) has been achieved from ALL institutions attended. Entry into a specific major may depend on completion of appropriate prerequisite courses and enrollment limitations of the major.

Details about factors considered in the admission decision are in the transfer application guide (http://admissions.colostate.edu/transferstudenthowtoapply).

Second Bachelor/Post-bachelor Decision Factors
To be considered for admission, second bachelor/post-bachelor candidates must present a minimum cumulative GPA of 2.00 (4.000 scale) from all institutions attended. Applicants must be seeking a degree program that does not duplicate their first degree, and entering CSU as an undeclared student is not an option at this level. Details about factors considered in the admission decision are in the transfer application guide (http://admissions.colostate.edu/transferstudenthowtoapply).
decision are in the second bachelor's application guide (http://admissions.colostate.edu/secondbachelorsapplicants).

**Competitive Majors**
Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about competitive majors can be found on the Admissions website (http://admissions.colostate.edu/competitive-majors).

**Returning (Former) CSU Students**
Comprehensive details for returning students are available on the Admissions website (http://admissions.colostate.edu/returningstudents).

The admission decision for students returning to complete a degree in progress is based primarily on their previous CSU performance and their academic standing upon leaving CSU. Students who left the University in good academic standing generally are cleared to return without restrictions. Students who left the University in a probationary or dismissed status should refer to the Scholastic Standards Policy for additional information about qualifying to return to CSU.

**Competitive Majors**
Admission to some programs of study is more competitive than general University admission; entrance to these programs is limited to students presenting the strongest academic credentials. Additional information about the competitive entrance requirements for students with CSU academic history is available at here (http://undeclared.casa.colostate.edu/1majors-with-entrance-requirements.aspx).

If you are returning to CSU to begin a second undergraduate degree, refer to the admission decision factors for second bachelor's/post-bachelors (http://admissions.colostate.edu/secondbachelorsapplicants).

**English Proficiency Requirement**
Strong English language skills are important to academic success at CSU. To support student success, we require all students whose first language is not English to demonstrate a high level of English proficiency regardless of their citizenship. Applicants from Australia, Canada, Ireland, New Zealand, and the United Kingdom whose first language is English are exempt from this requirement.

TOEFL, PTE Academic or IELTS Academic results are the preferred indicators of English proficiency. For applicants seeking direct admissions to CSU the requirements are as follows:

<table>
<thead>
<tr>
<th>English Proficiency Exam</th>
<th>Clear Admission</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOEFL IBT (Test of English as a Foreign Language Internet Based Test)</td>
<td>79</td>
</tr>
<tr>
<td>TOEFL PBT (Test of English as a Foreign Language Paper Based Test)</td>
<td>550</td>
</tr>
<tr>
<td>IELTS Academic (International English Language Testing Services)</td>
<td>6.5</td>
</tr>
<tr>
<td>PTE Academic (Pearson Test of English)</td>
<td>53</td>
</tr>
</tbody>
</table>

Conditional admission will be offered to students who are academically competitive but have not achieved the necessary score for direct admission or have not submitted a TOEFL, PTE, or IELTS score. If you do not meet the English proficiency requirements listed above you will be enrolled in the INTO CSU Academic English Program (http://www.intohigher.com/us/en-us/the-universities/into-colorado-state-university/studying/into-csu-programs/programs/academic-english.aspx) (AEP). Until the Academic English Program is completed or the required TOEFL, PTE Academic or IELTS score is achieved, enrollment in regular University academic courses is at the discretion of the AEP.

**Alternative measures of English Proficiency:**

- Successful completion of the INTO CSU Academic English Program (conditional admission may be offered to AEP students studying at the advanced level).
- Completion of two or more years of high school instruction in English outside of the U.S. with a grade of 5 or better in the International Baccalaureate (IB) HL English course OR an IGCSE or A-level result of C or better on the English/First Language exam. Test results must be official and not predicted to be considered for clear admission.
- Completion of a U.S. diploma and/or two or more years of secondary transcripts reflecting the progress towards the U.S. diploma from a regionally accredited organization as defined by the U.S. Department of Education.
- SAT Critical Reading score of 500 or higher and satisfactory grades in secondary English coursework.
- ACT English/Reading score of 21 or higher and satisfactory grades in secondary English coursework.
- Completion of at least two semesters of U.S. post-secondary/university course work in English, including college composition and speech with grades of C or better. Courses must have been taken at a regionally-accredited college/university to be considered for clear admission.

TOEFL/PTE Academic/IELTS exemptions not listed above may be considered on a case-by-case basis, such as assessment results from a US high school or college.

Refer to the English proficiency (http://admissions.colostate.edu/internationalstudentshome/englishproficiency) information on the Admissions website for details.

**Students with Disabilities**
All applicants are evaluated according to the same University admission standards. We recognize, however, that not every student's personal or educational background is the same.

Disclosure of the presence of a disability is voluntary. Applicants may use components of the application such as the academic explanation, personal statement, or recommendation(s) to identify their disability and to discuss the impact of the disability on their academic record (if any). While this information can be considered if disclosed, it will not be the sole basis for the admission decision.

Colorado State University's Resources for Disabled Students (http://rds.colostate.edu) offers admitted students the full range of support services to help students achieve academic success.
