Major in Music (B.M.), Music Therapy Concentration

The Music Therapy concentration is designed to prepare the student to work in a variety of health care settings, including hospitals, clinics, rehabilitation facilities, assisted living centers, and in special education settings. Some music therapists maintain private practices or serve as consultant. The Music Therapy program at CSU is internationally recognized for its leadership in clinical training and research and houses the Center for Biomedical Research in Music, a major research center for study of neurologic music therapy.
