**Major in Psychology, General Psychology Concentration**

Students who wish to pursue a career in clinical or counseling psychology as well as students who prefer a broad view of the field often choose the General Psychology Concentration. Students in this concentration can tailor the psychology lecture/lab pair and upper division psychology elective requirements to fit their interests. Students with an interest in the clinical field are encouraged to participate in internships while those with an interest in pursuing an advanced degree in graduate school are encouraged to seek research experience with a faculty member.

**Requirements**

**Effective Fall 2015**

View Major Completion Map (http://wsnet.colostate.edu/CWIS608/Home/MajorCompletionMap)

**Students must have a C or better in each of the following:** PSY 100; PSY 210; PSY 250; PSY 252; PSY 401; and the three lecture-lab pairings in psychology.

Upper-Division Psychology: 3

**Electives\(^3\):** 10-12

**Total Credits:** 30

**Program Total Credits:** 120

---

1. Select any course in category 3C of the AUCC except HONR 492 or any PSY course.
2. Students should select a total of three lecture/lab pairs of courses over the junior and senior years. Two pairs are necessary to satisfy AUCC Cat 4A and 4B requirements.
3. Select enough elective credits to bring the program to a minimum of 120 credits, of which at least 42 must be upper-division (300- to 400-level).
