MINOR IN MICROBIOLOGY

A minor in Microbiology will be of considerable benefit to students majoring in biological science, natural science, food science, biochemistry, some fields of engineering, and other science-related fields.

Requirements
Effective Fall 2018

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Selected Courses (select a minimum of 12 credits from the following lists)

Select at least one from the following: 3-4

- MIP 351 Medical Bacteriology
- MIP 420 Medical and Molecular Virology

Select at least one from the following: 3-4

- MIP 443 Microbial Physiology
- MIP 450 Microbial Genetics

Select 4-6 credits not taken above, including one laboratory course, from the following: 4-6

- MIP 250 Eukaryotic Microbiology
- MIP 260 The World of Parasites
- MIP 334 Food Microbiology
- MIP 350 Microbial Diversity
- MIP 351 Medical Bacteriology
- MIP 420 Medical and Molecular Virology
- MIP 425 Virology and Cell Culture Laboratory
- MIP 432 Microbial Ecology
- MIP 436 Industrial Microbiology
- MIP 443 Microbial Physiology
- MIP 450 Microbial Genetics
- MIP 462/BZ 462/BSPM 462 Parasitology and Vector Biology
- MIP 498 Research

Program Total Credits: 21
