**TUITION AND FEES**

Authority to set tuition rates is vested in the governing boards of Colorado’s state institutions of higher education. The tuition rates which apply to any succeeding fiscal year will not be known until June of each year. The Board of Governors of the CSU System, therefore, reserves the right to change tuition and fee schedules and related policies, including the time, date, and method for payment, at any time.

By registering for a course, a student acknowledges legal and financial responsibility for any and all tuition and fees assessed as a result of registration. Students must follow, and are financially responsible for, formal add/drop and withdrawal procedures at CSU. **Non-attendance does not relieve a student of financial responsibility.** A student whose account becomes delinquent will be held responsible for paying any late payment charges, collection agency fees up to 40% of the debt, and all costs and expenses including reasonable attorney fees that CSU incurs in its collection efforts. CSU will not register a student, release a diploma or proof of degree, or provide official transcripts to any current or former student who has past due financial obligations to CSU.

### Undergraduate Tuition

#### Schedule of Tuition and Fees

The most current listing of tuition and fees, as well as a tuition calculator, can be found at the Office of Financial Aid’s (https://financialaid.colostate.edu/base-tuition) website.

In addition to the charges listed under each category, students may be required to pay differential tuition, program charges, charges for technology, and/or special course fees. Tuition and fees for a student registering for a combination of regular on-campus courses and Division of Continuing Education (CSU Online) courses will be assessed individually according to the schedule established for each.

Students who are off campus for full time internships, practica, and professional affiliations, and are not concurrently enrolled in other on-campus experiences or courses, may be assessed a reduced general fee amount.

#### College Opportunity Fund (COF)

Undergraduate Colorado resident students are eligible to receive a College Opportunity Fund (http://sfs.colostate.edu/cof) (COF) stipend from the State of Colorado to apply toward tuition costs. To receive the COF stipend, students must apply for the stipend (https://cof.college-assist.org) AND authorize CSU to receive the funds EACH semester via RAMweb.

#### Differential Tuition

To ensure students have an opportunity to fully explore their academic options and the range of programs offered at CSU, the University does not charge the full cost of tuition until students have acquired 60 credit hours (30 credits if in the College of Business). After that point, at which most students have settled on a major, students begin to pay differential tuition in addition to the base tuition paid up to that point. Differential tuition is assessed to undergraduate resident, non-resident, and WUE students. Credits that students bring upon entering the University may cause them to reach the 60 credit hours earlier than their peers. Almost all of the differential tuition students pay returns directly to the academic colleges and departments to enhance the quality of a CSU education. Each CSU college’s rates are based on three factors:

- High cost—i.e., how expensive the program is to provide
- High demand—i.e., whether the program is in high demand by large numbers of students
- High return—i.e., how much students generally earn when they graduate from that specific program

Differential tuition is assessed by the course subject code at a rate of $55/$72/$95 per credit hour, depending on the course. Differential tuition is not assessed by a student’s major. For more detail on differential tuition cost per credit, go to the Office of Financial Aid’s website and select Undergraduate Differential Tuition (https://financialaid.colostate.edu/media/sites/38/2015/04/Undergraduate_Differential_Tuition-17-18.pdf).

Students are assessed differential tuition upon reaching 30 transcripted credits (sophomore level) for College of Business courses. Students are assessed differential tuition upon reaching 60 transcripted credits (junior level) for all other courses offered at CSU.

Differential tuition is also assessed for specific academic programs (https://financialaid.colostate.edu/media/sites/38/2015/04/Graduate-Program-Charges-17-18.pdf) that cost more to offer.

### Graduate Tuition

Graduate tuition and fees (https://financialaid.colostate.edu/base-tuition) are updated annually. Information about financial support for graduate students is available in the Graduate and Professional Bulletin.

### International

The International Student and Scholar Services (http://isss.colostate.edu) administrative charge is $90 the first semester and $65 for each subsequent semester. Fees are subject to change. Sponsors of international students, such as foreign governments, are assessed a charge of $375 per term.

### Personal and Living Expenses

Students from other countries should anticipate expenses considerably higher than those quoted for domestic students. Additional considerations include costs of deposits for off-campus housing, transportation, international travel, clothing (particularly winter clothing for those coming from warmer climates), living expenses during vacation periods and during the summer months for those who choose to remain on campus, the cost of keeping an automobile and insuring it, child care, shipping books and other belongings home, taxes owed on U.S. source income, and items of personal use which cannot be brought in a suitcase and which must be purchased in the United States after arrival. An annual inflation rate of 3% should be anticipated in all calculations. Refer to the Office of International Programs (http://isss.colostate.edu) for an up-to-date list of estimated expenses.

### Medical Insurance

All International Students who are enrolled at Colorado State University are required to maintain health insurance, and are automatically enrolled in the CSU Student Health Insurance Plan each semester. To opt-out of the CSU Student Health Insurance Plan, students must demonstrate proof of comparable coverage via the waiver at International/INTO.

**Student Waiver**

The deadline to submit a waiver request is by the 10th day of classes. Dependents of international students and scholars are also required to have adequate health insurance. However, CSU no longer offers the option of enrolling spouses, dependents, or domestic partners in the CSU Student Health Insurance Plan. For a list of alternative health insurance services for any family members who will be with you, visit International/INTO Student Health Insurance Plan (https://health.colostate.edu/international-into-ship) and scroll to the bottom.

**Language Placement Examination**

**Charge for technology, per term (college-wide)**

- College of Agricultural Sciences: $86.15
- College of Business: $103.00
- College of Health and Human Sciences: $71.00
- College of Liberal Arts: $57.30
- College of Natural Sciences: $94.50
- College of Veterinary Medicine and Biomedical Sciences: $90.00
- Intra-University: $38.50
- Walter Scott, Jr. College of Engineering: $170.00
- Warner College of Natural Resources: $94.50
- Transcript fee per copy (Refer to http://registrar.colostate.edu/transcript-orders): $70.75
- University Alternative Transportation Fee: $30.50
- University Facility Fee (per credit hour): $20.75
- University Technology Fee: $25.00

* Fees are subject to change.

---

**Special Course Fees**

Certain courses require enrolled students to pay fees for special services and/or materials. Courses with fees are indicated by a Yes in the Special Course Fee line in Courses A-Z. Special course fees are updated in June for the upcoming academic year. For the most current listing of special course fees, visit the Provost and Executive Vice President’s web page (http://provost.colostate.edu/students) and select Complete List of Special Course Fees.

Here are four types of special course fees:

1. For some courses, enrolled students are assessed a uniform fee during registration to cover costs such as the rental of external facilities, the expenses of field placements, the provision of special equipment and materials that the University would not otherwise maintain, and/or the costs of off-campus travel of students with supervising faculty members.

2. For some courses, enrolled students are assessed a fixed or variable fee by the department based upon actual use of expended materials supplied by the department and used by the student in the creation, construction, and/or fabrication of an object of value, such as a class project that becomes the student’s property. These fees are designed for situations in which it is more efficient for the departments to supply the expendable materials because of the inability to make individual purchases economically.
3. For some courses, enrolled students are assessed variable fees by the department based upon actual damage or non-return of equipment used in the courses.

4. For some courses, enrolled students are assessed a fixed fee to provide funds for replacement or upgrade of equipment that was purchased originally through department funds and cannot be maintained appropriately without this type of student fee support.

All special course fees will be assessed and collected through normal student accounts receivable procedures. No fees should be paid directly to academic departments or individuals.
