ALCOHOL AND SEXUAL ASSAULT EDUCATION

CSU is committed to providing a safe campus for all students and promoting a culture of respect and dignity. As a result, CSU requires students to complete the Haven: Understanding Sexual Assault and AlcoholEdu programs.

All admitted students are required to complete the Haven: Understanding Sexual Assault™ Program, which educates students on issues associated with stalking, relationship violence, and sexual assault. Students learn about consent, how to help a friend, and how to intervene in a situation that might escalate to sexual assault. Built in collaboration with leading researchers and practitioners, Haven is an interactive module designed to engage and empower students to create safe, healthy campus environments. This course meets the educational mandate of the 2013 Federal Campus Sexual Violence Elimination Act (http://campussaveact.org).

AlcoholEdu for College is an interactive, online program designed to inform students about how alcohol affects the body, mind, perceptions, and behaviors. The research-based course offers accurate information in a non-judgmental tone, while providing personalized feedback that encourages students to consider their own drinking decisions and those of their peers. Students under age 23 must complete the AlcoholEdu Program. Even if students don’t drink, they may still be impacted by alcohol use in the college environment.

More information about these important programs is available from the CSU Health Network (http://health.colostate.edu/new-student-checklist).
