

# CATALOG UPDATES

---

The CSU General Catalog is re-published once a year every August. It will reflect updates approved during the previous academic year. It will not reflect updates that may take place during the period between publications.

For new courses approved for Spring 2024 after August 1, 2023, please see the Spring 2024 Class Schedule. Experimental courses for the 2023-24 academic year can also be found in the Class Schedule. The Class Schedule (<https://registrar.colostate.edu/class-schedule/>) may be accessed through RAMweb (<https://ramweb.colostate.edu/registrar/Public/Login.aspx>) or ARIESweb (<https://ariesweb.colostate.edu/webauthesMain.aspx>).
