DEPARTMENT OF AGRICULTURAL BIOLOGY

Undergraduate Majors

- Agricultural Biology (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-biology/agricultural-biology-major/)
- Entomology Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-biology/agricultural-biology-major-entomology-concentration/)
- Plant Pathology Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-biology/agricultural-biology-major-plant-pathology-concentration/)
- Weed Science Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-biology/agricultural-biology-major-weed-science-concentration/)

Minors

Minors are offered in Entomology and Plant Health. Students are provided with maximum breadth and depth with a limited number of required courses. The minors also serve to broaden the academic background of students seeking employment in the interdisciplinary job markets associated with most plant science majors. The minors provide adequate credits to meet most federal and state certification requirements for employment. Please contact Dr. Punya Nachappa and Chris Amerman for information on the Entomology minor and Dr. Jane Stewart and Chris Amerman for the Plant Health minor.

- Entomology (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-biology/entomology-minor/)
- Plant Health (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-biology/plant-health-minor/)
