DEPARTMENT OF SOIL AND CROP SCIENCES

Undergraduate Majors

- Major in Soil and Crop Sciences (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major/)
  - Plant Biotechnology Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-plant-biotechnology-concentration/)
  - Soil Science and Environmental Solutions Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-soil-science-environmental-solutions-concentration/)
  - Sustainable Agricultural Management Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-sustainable-agricultural-management-concentration/)
  - Agronomic Production Management Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-agronomic-production-management-concentration/) (No new students are being admitted into this concentration)
  - Applied Information Technology Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-applied-information-technology-concentration/) (No new students are being admitted into this concentration)
  - International Soil and Crop Sciences Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-international-concentration/) (No new students are being admitted into this concentration)
  - Plant Biotechnology, Genetics, and Breeding Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-plant-biotechnology-genetics-breeding-concentration/) (No new students are being admitted into this concentration. Students interested in this area of study should visit the Plant Biotechnology Concentration)
  - Soil Ecology Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-soil-ecology-concentration/) (No new students are being admitted into this concentration. Students interested in this area of study should visit the Sustainable Agricultural Management Concentration)
  - Soil Restoration and Conservation Concentration (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-major-soil-restoration-conservation-concentration/) (No new students are being admitted into this concentration. Students interested in this area of study should visit the Sustainable Agricultural Management Concentration)

- Plant Biotechnology Concentration
- Soil Science and Environmental Solutions Concentration
- Sustainable Agricultural Management Concentration
- Agronomic Production Management Concentration
- Applied Information Technology Concentration
- International Soil and Crop Sciences Concentration
- Plant Biotechnology, Genetics, and Breeding Concentration
- Soil Ecology Concentration
- Soil Restoration and Conservation Concentration

Minors

- Minor in Agroecosystems (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-crop-sciences-minor)
- Minor in Soil Resources and Conservation (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-resources-conservation-minor)
- Minor in Soil Science (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/soil-science-minor)

Certificate

- Certificate in Seed Science and Technology (http://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/soil-crop-sciences/certificate-seed-science-technology)

Change of Major

- Reach out to Chris Amerman (Chris.Amerman@colostate.edu) to schedule an appointment to change your major/minor. A Change of Major form is electronically submitted by an advisor to the Registrar's Office
- Courses to take if you are interested in the programs include SOCR 100, SOCR 210, and SOCR 240.
- Students should ideally declare a major within the first two years, but exceptions can be made depending on their previous coursework.
