## GRADUATE CERTIFICATE IN INFORMATION TECHNOLOGY PROJECT MANAGEMENT

In the information technology areas, project management is found across the private, public, and military sectors. The Certificate includes a deep understanding of the 10 knowledge areas and the 42 grouped processes required by the Project Management Institute®, information technology management, agile project management, and other special topics. Completion of this certificate also prepares the recipient to sit for the PMP® Certification or the CAP-M® Certification exam.

## **Effective Fall 2020**

Additional coursework may be required due to prerequisites.
