

MAJOR IN NUTRITION AND FOOD SCIENCE, FOOD SCIENCE CONCENTRATION

The Food Science concentration blends a strong science base with courses in food chemistry, food safety, food microbiology and nutrition. The curriculum prepares students for employment in the food industry or in government in such areas as quality assurance, product development, research, food inspection, sensory evaluation, and consumer education. The concentration also provides a strong background for students interested in pursuing a graduate program.

Learn more about the Food Science Concentration on the Department of Food Science and Human Nutrition website. (<https://www.chhs.colostate.edu/fshn/programs-and-degrees/b-s-in-nutrition-and-food-science/>)
