Professor Julie Braungart-Rieker, Department Head

Enhancing Healthy Development

Through training, research, and engagement, we examine human development across the lifespan in the context of families, schools, communities, and culture.

Online Degree Programs

The major in Human Development and Family Studies (HDFS) is offered in two formats, both leading to a Bachelor of Science degree. We offer classes to on-campus degree-seeking students and we offer distance students the HDFS degree through CSU Online (<http://www.online.colostate.edu/degrees/hdfs/>). The major in Human Development and Family Studies offered through CSU Online provides a flexible, convenient, and accessible format for busy, working, or distance students. The online program of study is the same as the on-campus version, is fully accredited, and is indistinguishable on student transcripts and diplomas from the on-campus version. The Gerontology Interdisciplinary Minor and courses required to pursue a variety of certifications are also available online.

Accelerated Program

The major in Human Development and Family Studies includes an accelerated program option (<https://provost.colostate.edu/accelerated-programs/>) for students to graduate on a faster schedule. Accelerated Programs typically include 15-16 credits each fall and spring semester for three years, plus 6-9 credits over two to three summer sessions (<https://summer.colostate.edu/acceleratedprograms/>). Students who enter CSU with prior credit (AP, IB, transfer, etc.) may use applicable courses to further accelerate their graduation. Visit the Office of the Provost website for additional information about Accelerated Programs (<https://provost.colostate.edu/accelerated-programs/>).

Gerontology Interdisciplinary Minor

The Gerontology Interdisciplinary Minor is housed in HDFS and is available on-campus as well as online. The Gerontology Interdisciplinary Minor offers students the opportunity to earn an undergraduate minor in gerontology with training across multiple disciplines. The Gerontology Interdisciplinary Minor prepares students to work in a variety of fields where it is critical to understand the aging process, including the biological, psychological and social aspects of adult development and aging. Admission is ongoing throughout the year. The full program may be found under University-Wide Instructional Programs (<http://catalog.colostate.edu/general-catalog/university-wide-programs/interdisciplinary-studies/>).

Graduate Graduate Programs in Human Development and Family Studies

The Department of Human Development and Family Studies (HDFS) offers a Master of Science degree with two specializations and one doctoral program in Applied Developmental Science. The focus of the department is on the study of individual and family development across the lifespan; the development, implementation, and evaluation of intervention and prevention programs for individuals and families at risk; and the influence of social institutions such as schools and communities on development. Our graduate programs advance students' understanding of human behavior and development, as well as enable them to contribute to scholarship and professional practice.

Students interested in graduate work should refer to the Graduate and Professional Bulletin (<http://catalog.colostate.edu/general-catalog/graduate-bulletin/>) and the Department of Human Development and Family Studies (<http://www.hdfs.chhs.colostate.edu/students/>). (<http://hdfs.chhs.colostate.edu/students/masters/>)

Certificate

- Prevention Program Planning & Evaluation (<http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/prevention-program-planning-evaluation/>)

Master's Programs

There are two specializations offered under the Master of Science in HDFS: Prevention Science and Marriage and Family Therapy. Curricula in both programs include core courses in individual development, family theories, current research and issues in HDFS, and research methods. A research thesis is also required.

- Master of Science in HDFS, Plan A (<http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/plan-a-ms-human-development-family-studies/>)
- Master of Science in HDFS, Marriage & Family Therapy Specialization, Plan A and Plan B ([http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies-marriage-therapy-specialization-plan-a-plan-b/](http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/ms-human-development-family-studies-marriage-therapy-specialization-plan-a-plan-b/))
- Master of Science in HDFS, Plan A, Prevention Science Specialization (<http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/plan-a->

[ms-human-development-family-studies-prevention-science-specialization/](http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/prevention-science-specialization/))

Online Master's Program

The online Master of Prevention Science Practice trains graduates to implement evidence-based prevention programs for use at the community-level in preventing mental, emotional, and behavioral disorders. The course work emphasizes lifespan developmental processes and normative family functioning, as well as theories of prevention science and risk and resilience.

- Master of Prevention Science Practice, Plan C (M.P.S.P.) (<http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/plan-c-mpsp-master-prevention-science/>)

Ph.D.

The program in Applied Developmental Science builds upon coursework completed in a master's program, yet allows for more advanced, tailored, and personalized learning. Doctoral training also emphasizes mentorships with faculty in order to apply coursework to research in students' areas of specialization.

- Ph.D. in Applied Developmental Science (<http://catalog.colostate.edu/general-catalog/colleges/health-human-sciences/human-development-family-studies/applied-developmental-science-phd/>)

Courses

Human Development and Family Studies (HDFS)

HDFS 101 Individual and Family Development (GT-SS3) Credits: 3 (3-0-0)

Course Description: Principles of life-span human development in the context of the family. Theory and research on the influence of family systems on individuals.

Prerequisite: None.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

Additional Information: Social & Behavioral Sciences 3C, Human Behavior, Culture, or Social Frameworks (GT-SS3).

HDFS 160 Mentees/First Year Success I Credit: 1 (0-2-0)

Course Description: Mentoring course for first-year underrepresented HDFS students to support successful transition to the university and department through one-to-one peer mentoring with upper class HDFS student, and participation in community activities.

Prerequisite: None.

Restrictions: Must not be a: Sophomore, Junior, Senior. Must be a: Undergraduate.

Registration Information: HDFS majors and freshman only. Written consent of instructor. Students must complete an application and be admitted into the program to register. Credit not allowed for both HDFS 160 and HDFS 180A1.

Term Offered: Fall.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HDFS 170 Mentees/First Year Success II Credit: 1 (0-2-0)

Course Description: Mentoring course that supports successful transition to the university through one-to-one peer and group mentoring with advanced Human Development and Family Studies students.

Explore intersecting identities, university resources, professional skill development, and community service through the mentoring relationship.

Prerequisite: HDFS 160.

Restrictions: Must not be a: Sophomore, Junior, Senior. Must be a: Undergraduate.

Registration Information: HDFS majors and freshman only. Written consent of instructor. Credit not allowed for both HDFS 170 and HDFS 180A2.

Term Offered: Spring.

Grade Mode: S/U Sat/Unsat Only.

Special Course Fee: No.

HDFS 201 Perspectives in Gerontology Credits: 3 (3-0-0)

Course Description: Multidisciplinary perspectives on a variety of issues in human aging; exploration of careers in gerontology; service-learning with older adults; emphasis on applied gerontology.

Prerequisite: HDFS 101 or PSY 100 or SOC 100.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 217 Creative Experiences for Children Credits: 3 (2-0-1)

Course Description: Theories of play and creativity as the foundation for examining the role of interdisciplinary interests (arts, music, literature, science, math) in early childhood development. Exploration of creative techniques appropriate for young children (ages 0-8 years) and how these strategies enhance the child's self-expression, creativity, and development in educational, medical, and therapeutic settings. Exploration of curriculum cycle: observation, planning, implementation, reflection, and feedback.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Must register for lecture and recitation.

Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 250 Introduction to Research Methods Credits: 3 (3-0-0)

Course Description: Interpret, describe, and appraise research in human development and family studies.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 275 Foundational Helping Skills Credits: 3 (3-0-0)

Course Description: Introduction to helping skills in healthcare and human service settings including strength-based techniques to support clients and opportunities and challenges related to the well-being of helping professionals. Exploration of ethical practices, including boundaries, scope of practice, and collaboration as well as the impact of culture, bias, and equity in working with individuals, couples, and families.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 277 Introductory Seminar in HDFS Credit: 1 (1-0-0)

Course Description: Introduction to human development and family studies field, major and concentration requirements, resources, and career exploration. An inclusive environment to develop and practice the necessary skills to transition to the major and academic expectations of the department and college.

Prerequisite: None.

Registration Information: Human Development and Family Studies or Early Childhood Education majors only. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 286 Practicum Credits: 3 (0-0-6)

Course Description: Career exploration and community placement opportunities to observe individuals/families throughout the lifespan and apply knowledge gained from prior coursework in human development and family studies.

Prerequisite: HDFS 101.

Registration Information: Required background check through CBI, FBI. Offered as an online course only.

Terms Offered: Fall, Spring.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 310 Infant and Child Development in Context Credits: 3 (3-0-0)

Course Description: Physical, cognitive, and socioemotional development from birth through middle childhood in context of family, relationships, and culture.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Completion of 30 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 311 Adolescent/Early Adult Development in Context Credits: 3 (3-0-0)

Course Description: Physical, cognitive, and socioemotional development of adolescents and young adults in context of family, relationships, and culture.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Completion of 30 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 312 Adult Development-Middle Age and Aging Credits: 3 (3-0-0)

Course Description: Developmental issues and processes pertaining to middle and later adulthood. Contexts in which adult development and aging occur are emphasized.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Completion of 30 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 315 Disability across the Lifespan and Culture Credits: 3 (3-0-0)

Course Description: Use of interdisciplinary perspective to understand individuals who have disabling conditions relevant to careers in health, educational, rehabilitation, and human service professions. Causes, outcomes, and intervention of commonly occurring disabilities and health conditions (e.g., congenital disabilities, diabetes, spinal cord injuries).

Prerequisite: HDFS 101.

Registration Information: Sophomore standing. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 317 Disabilities in Early Childhood Education Credits: 3 (3-0-0)

Course Description: Developmental and learning outcomes in young children with disabilities 0-8 years in the early childhood education context. Examine atypical development, inclusive education, strategies and intervention, and family partnerships relevant to early interventionists, educators, and related services, such as occupational therapy, physical therapy, speech-language pathology, music therapy, and applied behavioral analysis.

Prerequisite: HDFS 310.

Registration Information: Sophomore standing. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 318 Infancy and Toddlerhood Credits: 3 (3-0-0)

Course Description: Physical, cognitive, language, and socio-emotional development from pre-birth through 36 months, with an emphasis on applied settings.

Prerequisite: HDFS 310 or PSY 260.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 332 Death, Dying, and Grief Credits: 3 (3-0-0)

Course Description: Developmental processes of death and dying related to the dying individuals and their families and for human service agencies.

Prerequisite: HDFS 101 or PSY 100.

Registration Information: Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 334 Family and Parenthood Across the Lifespan Credits: 3 (3-0-0)

Course Description: Practical, theoretical, and empirical information on the dynamics of family and parenthood across the lifespan. Emphasis on understanding how families and parents in diverse ecological and social contexts experience their roles and relationships. Exploration of factors that contribute to risk as well as evidence-based practices to support and enhance family systems and parents.

Registration Information: Completion of 60 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 411 Developmental Transitions in Adolescence Credits: 3 (3-0-0)

Course Description: Examination of biological, socio-emotional, cognitive, and behavioral changes during adolescence.

Prerequisite: HDFS 311 and HDFS 334.

Registration Information: Completion of 60 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 412 Mental and Physical Health in Adulthood Credits: 3 (3-0-0)

Course Description: Mental and physical health of adults, contextual factors of development, and implications for prevention, intervention, and public health planning.

Prerequisite: HDFS 312.

Registration Information: Completion of 60 credits. Sections may be offered: Online.

Term Offered: Fall.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 434 Risk and Resilience Across the Lifespan Credits: 3 (3-0-0)

Course Description: Why some individuals are at high risk for poor developmental outcomes, and why certain individuals fare well despite such risks or adversities. Strong developmental emphasis because resilience is viewed as a process, the results of which may not be manifest for years. There is an ecological emphasis because protective and vulnerability factors often reside in families, schools, neighborhoods.

Prerequisite: HDFS 375.

Restriction: Must not be a: Freshman, Sophomore.

Registration Information: Completion of 60 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 439 Administration of Early Childhood Programs Credits: 3 (3-0-0)

Course Description: Center administration related to program development and operations, budgeting, state regulations and licensing, and personnel issues.

Prerequisite: HDFS 310.

Registration Information: Completion of 60 credits. Sections may be offered: Online.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 445 Early Childhood Health, Safety, and Nutrition Credits: 3 (0-0-3)

Also Offered As: FSHN 445.

Course Description: Planning, promoting and maintaining healthy life style and safe learning environment for preschool children. Nutrition, first aid and safety, physical activity, identifying and reporting abuse, prevention and management of acute illness and chronic disease and promotion of a high-quality indoor and outdoor environment, targeted for the early childhood education professional.

Prerequisite: HDFS 310.

Registration Information: Completion of 60 credits. Offered as an online course only. Credit not allowed for both FSHN 445 and HDFS 445.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: No.

HDFS 470A Campus Connections–Mentoring At-Risk Youth: Youth Mentor Credits: 3 (0-4-2)

Course Description: Service-learning course engaging students as mentors with local at-risk youth.

Prerequisite: None.

Registration Information: Written consent of instructor. Must register for laboratory and recitation. Students must complete an application and a required background check through CBI, FBI. Course may be taken for a maximum of 9 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

HDFS 470B Campus Connections–Mentoring At-Risk Youth: Mentor Coach Credits: 3 (0-4-2)

Course Description: Serve as mentor coach in a service-learning course engaging students as mentors with local at-risk youth.

Prerequisite: HDFS 470 or HDFS 470A.

Registration Information: Written consent of instructor. Must register for laboratory and recitation. Students must complete an application and a required background check through CBI, FBI. Course may be taken for a maximum of 9 credits.

Terms Offered: Fall, Spring, Summer.

Grade Mode: Traditional.

Special Course Fee: Yes.

HDFS 470C Campus Connections–Mentoring At-Risk Youth: Program Administration Credits: 3 (0-4-2)

Course Description: Provide administrative support to a service-learning program for local at-risk youth.

Prerequisite: None.

Registration Information: Written consent of instructor. Must register for laboratory and recitation. Students must complete an application and a required background check through CBI, FBI. Course may be taken for a maximum of 9 credits.

Terms Offered: Fall, Spring, Summer.
