

# GRADUATE CERTIFICATE IN PREVENTION PROGRAM PLANNING & EVALUATION

The online Graduate Certificate in Prevention Program Planning & Evaluation provides graduate students and post-baccalaureate professionals from a variety of disciplines with specialized training in prevention science, including theory, methods, design, implementation, evidence-based practice, and knowledge of evidence-based programs implemented in schools, families, and communities.

This combination of formal education and functional knowledge prepares graduate students and professionals for career advancement in a range of fields that relate to working with individuals and families in the development and evaluation of prevention programming, including working in community agencies, governmental and human services agencies, for-profit and not-for-profit research and advocacy organizations, and at different levels of the educational system, including university-based research and education.

Learn more about the Graduate Certificate in Prevention Program Planning & Evaluation on the CSU Online website. (<https://www.online.colostate.edu/certificates/prevention-program-planning/>)
