Program Total Credits:

35

A minimum of 35 credits are required to complete this program.

- Two credits of independent study are intended to prepare for formal professional presentation of the student's development portfolio at a culmination event in the student's last semester.
- Select 3 credits from departmentally approved list of methods courses with approval of advisor and committee.
- This course is taught by correspondence only.
- ⁴ At least two courses within Social Sciences and/or Area Studies must be ANTH.
- Courses listed here constitute a partial list. Other courses may be used with approval of advisor and committee. See department list for most up-to-date course list.
- Select any upper division (300-level or above) or graduate level language course in consultation with advisor and committee.

Students must complete the minimum number of credits specified in the official program of study as approved by the University Curriculum Committee, and all credit requirements specified in the **Graduate and Professional Bulletin** for their degree.
