Dr. Daniel Goble, Director, School of Music, Theatre, and Dance

Undergraduate

The School of Music, Theatre, and Dance at CSU provides a rigorous undergraduate educational experience.

CSU Music believes that music is both an artistic and intellectual pursuit. We offer intense training in specialized music disciplines combined with a balance of core music courses in music history and theory. Our renowned and versatile faculty are committed to helping students discover their own unique identities through music. We offer Bachelor of Music (B.M.) degrees in Music Therapy, Music Education, Music Composition, and Music Performance, as well as a Bachelor of Arts in Music (B.A.). Additionally, undergraduates can earn a performance-based music minor.

CSU Theatre emphasizes a reciprocal relationship between practice and scholarly study. Students explore every aspect of theatre, including the theory and practice of acting, singing, theatrical design, stage management, technical theatre, dramaturgy, dramatic criticism, storytelling, and playwriting. Students pursuing a Bachelor of Arts in Theatre (B.A.) choose one of three concentrations: General Theatre, Performance, or Design and Technology. Each concentration provides fundamental skills and experiences in theatre within a liberal arts context.

CSU Dance offers programs in classical and contemporary dance education culminating in either a Bachelor of Fine Arts in Dance (B.F.A.) or a Bachelor of Arts in Dance (B.A.). Students focus on areas such as performance, technique, and foundations; choreography and improvisation; pedagogy and teaching methodologies; history and theory; and theatrical production and design. Dance majors explore the many possibilities for movement expression, along with creativity and scholarly examination, in a challenging and supportive environment.
