

MINOR IN GEOLOGY

The minor in Geology is available to students in all majors to provide curricular depth in geosciences, broadly encompassing geology, geophysics, environmental geology, and hydrogeology. Students who may particularly benefit from a geology minor include those within the Colleges of Natural Resources, Natural Science, Business, Engineering, Health and Human Sciences, and Agricultural Sciences.

Requirements Effective Fall 2019

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Code	Title	Credits
Required Courses		
Select one group from the following for four credits:		4
Group A:		
GEOL 120 & GEOL 121	Exploring Earth - Physical Geology (GT-SC2) and Introductory Geology Laboratory (GT-SC1)	
Group B:		
GEOL 122 & GEOL 121	The Blue Planet - Geology of Our Environment (GT-SC2) and Introductory Geology Laboratory (GT-SC1)	
Group C:		
GEOL 124 & GEOL 121	Geology of Natural Resources (GT-SC2) and Introductory Geology Laboratory (GT-SC1)	
Group D:		
GEOL 150	Physical Geology for Scientists and Engineers	
Group E:		
GEOL 110 & GEOL 121	Introduction to Geology-Parks and Monuments (GT-SC2) and Introductory Geology Laboratory (GT-SC1)	
GEOL 154	Historical and Analytical Geology	4
Selected Courses		
Select a minimum of 13 credits of GEOL coursework, of which at least 12 credits must be upper-division (300- to 400-level).		
A maximum of two credits may be satisfied by non-regular courses (courses ending in -82 to -99), of which only one credit may be GEOL 401.		
GEOL *** Geology Electives		13
Program Total Credits:		21
