

MINOR IN AEROSPACE STUDIES

The minor in Aerospace Studies is offered to any student completing the program requirements. In addition to studying Air Force organizations, missions, and operations, students will gain a broad perspective of the military in general by studying the history of all Department of Defense Services and completing at least one Army ROTC course, thus emphasizing our country's focus on "joint" military operations.

Requirements Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.
