

# ENVIRONMENTAL STUDIES IN THE LIBERAL ARTS INTERDISCIPLINARY MINOR

The Environmental Studies in the Liberal Arts Interdisciplinary Minor is designed for students with a particular interest in environmental topics, focusing on a core of social sciences and humanities courses. Courses address domestic and international issues of concern with both current and historical perspectives, and will provide students with a well-rounded program of study. The program is open to all students and designed to complement students' primary majors. This program provides undergraduate students with an opportunity to broaden their education through the wide range of environmental topics available at CSU as they prepare themselves for environmental careers or graduate study.

Program details are available from the Department of Political Science (<https://polisci.colostate.edu/undergraduate-programs/>) in the College of Liberal Arts. For more information on declaring this interdisciplinary minor, please visit Clark Building, Room C346.

## Requirements Effective Fall 2022

Students must satisfactorily complete the total credits required for the minor. Minors and interdisciplinary minors require 12 or more upper-division (300- to 400-level) credits.

Additional coursework may be required due to prerequisites.

Students must earn a minimum grade of C (2.000) in all courses taken for the interdisciplinary minor.

The same course cannot be used to fulfill more than one requirement. No more than three courses from a single subject code can be used to fulfill the minor.

Code	Title	Credits
<b>Select 9 credits from the following:</b>		<b>9</b>
E 339	Literature of the Earth	
ECON 240/ AREC 240	Issues in Environmental Economics (GT-SS1)	
GR 100	Introduction to Geography (GT-SS2)	
PHIL 345	Environmental Ethics	
SOC 220	Environment, Food, and Social Justice (GT-SS3)	
<b>Select a minimum of 12 credits from the following (at least six credits must be from the same category)</b>		<b>12</b>
<b>Category 1: Social Systems and Institutions</b>		
ANTH 330	Human Ecology	
ANTH 453	Impacts on Ancient Environments
