The Graduate Degree Program in Ecology (GDPE) offers outstanding opportunities for graduate studies ecology. The overall objective of the PhD in Ecology program is to develop students as scientists and policy makers with interdisciplinary problem-solving skills to address global challenges in the ecological sciences from local to global scales. Students in the PhD program engage in independent and collaborative research guided by advisors in the program.

Students interested in graduate work should visit the Graduate Degree Program in Ecology (<https://ecology.colostate.edu/>) website for more information.
