Registration for IU 487 depends upon student receiving approval of site location from the program's internship coordinator. Students are responsible for securing an internship and there is not a presumption that Sport Management faculty and/or the internship coordinator will be responsible for guaranteeing a specific internship experience. If a student is not able to obtain an internship site prior to the start of the semester, they must take additional upper-division (300- to 400-level) credits. A course substitute for IU487 must be approved by the minor advisor, internship coordinator, and/or the program director.

<sup>2</sup> Select enough credits from the Electives list to bring the program total to a minimum of 21 credits.
